A Touchstone Energy® Cooperative

CNMEC resumes normal operations, reopens lobbies for business **July, 2019**

Central New Mexico Electric Cooperative has resumed normal operations and reopened lobbies for business. CNMEC is taking special measures to protect visitors and employees as the COVID-19 pandemic continues. Hours of operation are 8 a.m. until 4:30 p.m., Monday through Friday.

We're requesting that our consumer-members follow the recommended social distancing guidelines within our offices. We ask all visitors to follow instructions as posted on lobby signage, floor markers and directional signs for your safety and others.

CNMEC continues to closely monitor the latest developments regarding COVID-19 and is following recommendations from local and state officials, including the Centers for Disease Control and Prevention (CDC).

To minimize health risks for consumer-members and employees, CNMEC is taking additional precautions, including:

- Adding social distancing markers to our lobby floors to help keep visitors at least 6 feet apart.
- Distributing face masks, gloves and sanitizing products to our offices and employees.
- Enhancing cleaning and disinfecting procedures throughout our offices.
- Requiring employees who interact with consumer-members to wash or sanitize hands frequently.

Most services can be handled remotely, reducing the need to visit one of our offices. Members are highly encouraged to conduct co-op business through our website, mobile app or over the telephone. Our Member Services Department is available Monday through Friday, 8 a.m. to 4:30 p.m., and can be reached by email at info@cnmec.org or by calling (505) 832-4483. Members may download the CNMEC SmartHub mobile app from their device's app store.

Who Owns What?

Electric Co-op Owned Equipment vs Member-Owned Equipment

This graphic depicts equipment owned by the co-op (in gold) and the member (in blue). If a storm damages any equipment owned by the co-op, we are responsible for repairs. If a storm damages any member-owned equipment, the member is responsible for repairs. Members should hire a licensed electrician when making any repairs to member-owned equipment.

THE VALUE OF ELECTRICITY

Sources: Economist.com and EIA, 2018 data.

\$5.30

average cost of a Big Mac® value meal

\$3.87

average daily cost of power

Electricity is expressed on a daily basis using EIA 2018 Average U.S. Monthly Residential Bill of \$17. Big Mac® is a registered trademark of McDonald's Corporation. McDonald's Corporation does not endorse or sponsor this material.

Energy Efficiency Tip of the Month

Spending more time at home? Try an online energy audit to assess the overall efficiency of your home. Visit www.energystar.gov, then enter "home energy yardstick" in the search box to get started!
